DISCOGRAPHY 1972-2017

This list has only official released Sting tracks listed, consisting of: albums, compilations, guest appearances, singles, promo releases, soundtracks, video recordings, remixes and official live videos from Sting.com. However demo recordings have been added, to show the development of a track.

Tracks are listed at the year they were recorded, so tracks released in 2005 but recorded in 1995 will be listed under the recording year: 1995.

Some tracks are listed with a .txt file format and a track time 0 kb. This is just to show that the specific track exists, but I don't have it.

The length of each track is in megabytes, so if a track is listed as 81.191.084 it runs for 8 minutes, if it's listed with a track time: 133.022.108 is runs for approx.: 13 minutes.

Where tracks are listed with a [Vinyl] it's because the track only were released on vinyl. I tried to locate all cd's (digital) recordings to get the best possible sound.

Also some albums and tracks are marked with a [Digitally Remastered] but only where it's possible.

This list is the most complete where Sting appears, recordings from 1972 till today. Recordings from The Police is not on this list, please see The Police Discography.

The list has been generated over several years of collecting, and from the help of sites: stingoop.com and listing-fansite.com and stingme.dk

Let me know if you have recordings not listed here, send an email to: prone600@gmail.com or if you have any comment or corrections!

1495 tracks listed - taking up space: 66,4 GB.
